The Ten Commandment Hike is a Scouting tradition. Because we must modify the hike for safety from the pandemic, we will NOT hike to 10 different houses of worship. We will hike to 2 or 3 locations, and have representatives of the different religions meet up with us. These representatives (hopefully some youth) will each explain one (or 2) of the Ten Commandments in a quick 10-15 minute presentation.

There will be restrooms at our stops & we will comply with all the recommended Covid19 safety precautions. Webelos have the opportunity to fulfill their Map & Compass Pin requirements along the way.

Each Unit will be required to supply 2 Leaders, & a water/food support vehicle (food will not be provided).
