

**62nd ANNUAL
SCOUTMASTERS CAMPOREE
“Sustainability & Inclusion”
February 12-14, 2021**

Scouting is the one of the best programs available today in which all our members can practice **Sustainability**. Reducing garbage, increase recycling, finding innovative ways to reduce our impact on the environment.

Inclusion allows us to have our Units, each work with and partner with other organizations that also practice **Sustainability**. Find a community or national organization and work with them together to reduce our current footprint on waste. **And of course-** there will be camping- tons of games and competitions- a parade- awesome arena show- full activity field- and fireworks ---So---Start building your skills, prepare your troop, crews, patrols, packs, dens and teams. We will see you in February at the **Scoutmasters Camporee!**

Al Garver, 2021 Camporee Chief

Markham Park, Sunrise, Florida-

Registration is opening soon
