

# **South Florida Council Camp Everglades Work Day**

**When: Saturday Nov. 14, 2020, 8:00 AM – 3:00 PM**

**Contact: Jim Happell ([jhappell@miami.edu](mailto:jhappell@miami.edu), cell:786-473-0700, work:  
305-421-4111)**

**Do you like to camp at Camp Everglades? Then we need your help in getting the camp ready for this winter's camping season.**

**The main effort will be to get the camp mowed, the roads cleared of overhanging brush and cleaning the main shelter and compost toilet buildings. I always welcome suggestions on other service projects that people would like to do at the camp!!**

**Please bring your mowers, weed wackers and other yard tools. Large commercial mowers such as bush hogs, Dixie choppers, etc are especially needed. Although we do have a tractor and bush hog at the camp, other types of riding mowers as well as push mowers are also useful and needed. Don't forget your hats, gloves, bug spray, suntan lotion and masks. Masks must be worn at all times while at Camp Everglades. Groups size must be 10 or less and social distancing is highly encouraged.**

**Drinks and lunch will be provided by South Florida Council.**

**This is a perfect opportunity for Boy Scouts and Venture members to earn service hours. Webelos participation is also welcome. Sorry but this work is inappropriate and unsafe for younger cub scouts.**

**Limited camping will be available for those interested in staying overnight. You must contact Jim Happell to make camping reservations for this weekend. Do not make reservations with South Florida Council.**
