The Ten Commandment Hike is a Scouting tradition. As we plan this years hike, we are still unsure about having permission to go inside each house of worship. We will likely hike to 2 or 3 locations, and have representatives of the different religions meet up with us. These representatives (hopefully some youth) will each explain one (or 2) of the Ten Commandments in a quick 10-15 minute presentation.

There will be restrooms at our stops & we will comply with all the recommended Covid19 safety precautions. Webelos have the opportunity to fulfill their Map & Compass Pin requirements along the way. Each Unit will be required to supply 2 Leaders, & a water/food support vehicle (food will not be provided).
