## Citizenship in the Society Merit Badge

On July 1, 2022 the Citizenship in the Society Merit Badge will be required to make Eagle.

*This does not change the 21 merit badges required to make Eagle, it replaces one of the optional merit badges.*

This Merit Badge is not like any other Merit Badge in that there is no set answers for the requirements. The Council Advancement Committee has selected the first round of Merit Badge Counselors until we get feedback from them on best practices.
